Environmental Sciences

ABOUT JSPM GROUP

JSPM (Jayawant Shikshan Prasarak Mandal) Pune is a premier educational institution, founded in 1998 under the visionary leadership of Prof. (Dr.) T. J. Sawant, the Founder Secretary of JSPM Group of Institutes. Over the years, it has grown into a multidisciplinary hub offering undergraduate, postgraduate, and doctoral programs across diverse fields, including Engineering, Management, Pharmacy, Arts & Commerce, Education, Health Sciences, Law, and Computer Applications. With state-of-the-art infrastructure, modern classrooms, well-equipped laboratories, and industry-aligned curricula, JSPM emphasizes experiential learning to prepare students for real-world challenges. Beyond academics, it fosters holistic student development through extracurricular activities, sports, and cultural events, ensuring an inclusive and diverse learning environment. By integrating advanced technology into teaching and aligning with national educational policies, JSPM continues to lead in educational innovation, shaping future leaders and reinforcing its reputation as a center of excellence in Pune.

ABOUT JSPM UNIVERSITY

JSPM University, located in Pune, Maharashtra, India, redefines education beyond traditional classrooms by embracing innovation and experiential learning. Guided by the principles of the National Education Policy (NEP), the university is committed to academic excellence and skill-based education. Our distinctive approach prioritizes hands-on learning through internships, industry projects, simulations, and practical exercises, enabling students to develop critical thinking, confidence, and real-world expertise. With a flexible, multidisciplinary curriculum aligned with NEP, we offer diverse programs that encourage students to explore their passions while gaining a holistic education. Emphasizing interdisciplinary learning, creativity, and innovation, we prepare students for the challenges of a dynamic global landscape. Beyond academics, JSPM University nurtures personal growth through extracurricular activities, including sports, cultural events, and community service, fostering a well-rounded development. Recognizing the importance of academia-industry collaboration, we maintain strong partnerships that provide students with practical exposure through internships and real-world projects. Additionally, we integrate advanced technology into our teaching methodologies, ensuring students acquire essential digital skills. Committed to inclusivity and diversity, we create an environment where every student feels valued and empowered. JSPM University stands as a symbol of educational excellence, innovation, and inclusivity, shaping future-ready professionals for the 21st century.

ONE WEEK ONLINE
FACULTY DEVELOPMENT
PROGRAM (FDP)
ON

Green Building Technologies and Sustainability

IGBC Students Chapter Initiative

23rd - 28th March 2026

SCHOOL OF CIVIL AND ENVIRONMENTAL SCIENCES

The School of Civil and Environmental Sciences at JSPM University is a dynamic hub of innovation, creativity, and excellence, dedicated to shaping future professionals in civil engineering and environmental sciences. With state-of-the-art laboratories, design studios, and cutting-edge technologies, students engage in hands-on learning, gaining practical experience in structural analysis, architectural design, and environmental sustainability. Our strong industry collaborations provide real-world exposure through internships, projects, and mentorship, ensuring graduates are industry-ready from day one. Guided by a distinguished faculty of experienced professionals and academics, we foster a culture of creativity, problem-solving, and critical thinking. Committed to academic rigor and industry relevance, we empower students to make a meaningful impact in their fields and contribute to a sustainable future.

OBJECTIVES OF FDP

The Faculty Development Program aims to provide knowledge of green building concepts and sustainable development strategies in the built environment. It offers participants an opportunity to interact with renowned academicians and industry professionals to explore cutting-edge research and practical applications in sustainability. The program also encourages faculty members and professionals to integrate sustainability concepts into teaching, research, and professional practice, thereby contributing to environmentally responsible and resource-efficient infrastructure development.

WHO SHOULD ATTEND

Faculty members/Research Scholars of Civil Engineering / Architecture / Environmental Engineering and allied departments.

ORGANIZING COMMITTEE

Mr. Chirag Chaware	Dr. Pinki Deb
Dr. Deepak Kolekar	Dr. Nikita Bhagat
Ms. Sharayu Kadam	Dr. Dipak A. Jadhav
Dr. Sagar Turkane	Dr. Jaicky Gurnani
Mr. Gokul Dhumal	Dr. Prashant G. Sudani
Dr. Tushar Das	Ms. Ankita Turate
Mr. Mahesh Lokhande	Mr. Sharanabasappa Kori
Dr. Pravin Bhasme	Dr. Pritam Hait
Mr. Azharuddin Humnabad	Mr. Abhishek Wadde
	Mr. Manjunath Changali

Scan & Pay

Registration fees:
300/- per participants

Contact for Registration:
